# Welcome

## Welcome to this draft version of the conference programme

**CONFERENCE DIRECTOR**

Welcome to this early draft of the 7th International Conference Programme. We have now secured the majority of the speakers for the conference (see programme) following a very popular call for papers.

The conference seeks to explore current relevant topics in the World of Tall

Building Fire Safety, and I think you will agree we have an excellent line up of subject experts.

At this time, we are still seeking supporters and sponsors for the conference. If you would like your company/brand to be part of the conference, please get in touch.

Hope to see you there.

Go High, Go Well
